MEMORANDUM FOR THE RECORD

SUBJECT: Savile Lane/Signage on Route 123

The Director of Logistics has advised in a recent Staff Meeting that Fairfax County insists upon a large sign (5 feet x 4 feet) if we are going to erect signage indicating the CIA entrance off Route 123. Since erection of small signs on Savile Lane indicating "no outlet," there have been no recent complaints. At this point the decision has been made to do nothing further and hope that the problem of trucks turning into Savile Lane instead of the CIA Headquarters entrance has been resolved.
